

BME-VIK EIT Digital Tuition Fee Waiver

The Faculty of Electrical Engineering and Informatics at Budapest University of Technology and Economics (BME) is pleased to announce the BME-VIK EIT Digital Tuition Fee Waiver for outstanding applicants enrolled in BME EIT Digital programs. This tuition fee waiver is a merit-based grant, with the ranking determined by the accepted applications submitted to the EIT Digital Master School.

Eligibility Criteria:

- Applicants must have submitted their application and gained acceptance to the EIT Digital Master School in the year 2025.
- Applicants should have applied for and been admitted to the EIT Digital Master programs at BME in the entry or exit year of Autonomous Systems and Intelligent Robots AUS), and in the exit year of Embedded Systems Design (ES) or Data Science (DS).
- For exit year students of the AUS, ES or DS program: To be eligible for the grant during the September-January period, students must submit their transcript of records for the entry year, certifying the completion of at least 56 ECTS. To qualify for the grant during the February-June period, students must complete at least 28 ECTS in the first semester.

Grant Details:

- The BME tuition fee waiver covers up to 3500 EUR per semester for non-EU/EEA students.
- The total waiver amount, when combined with the EIT Digital tuition fee waiver, cannot exceed 6000 EUR per semester.

Application Process: The BME Tuition fee waiver application can be submitted along with the EIT Digital Master School application.

We encourage eligible students to take advantage of this opportunity and apply for the BME-VIK EIT Digital Tuition Fee Waiver. For further inquiries, please contact the BME Faculty of Electrical Engineering and Informatics (BMEeitdigital-msl@vik.bme.hu).
